The Practice Fusion EMR

Practice Fusion's comprehensive EMR is **completely free, web-based and no-risk**. Practice Fusion gives you access to **award-winning** healthcare software, world-class data hosting, and live training without the financial burden or risk associated with all other healthcare solutions. It is simple to get started and easy to use—best of all, you can **start charting today!**

Practice Fusion fits practices of all sizes, and does not require lengthy installations. Templates provided for over 25 specialties are easy to use and completely customizable, resulting in simplified workflows. The holistic solution includes everything you need to manage your patients, schedule and charts.

Join the fastest growing physician practice community and...

- ✓ Replace Paper Charts
- ✓ Access patient records from anywhere
- ✓ Never lose track of patient information
- ✓ Refer patient charts electronically
- ✓ Drive efficiencies & address patient safety
- ✓ Make informed clinical decisions
- ✓ **Participate in Pay for Performance and HEDIS**

"In spite of the fact that I had never used an EMR in my 38 years of practice, Practice Fusion is very easy to learn. I really don't understand why every physician does not take advantage of Practice Fusion's free product and support." - Dr. Don Cauthen of Today Clinic - Temple, TX
